Storing Fruits and Vegetables

- > Store tomatoes (unwashed) at room temperature in a dry place away from direct sunlight. Do not refrigerate tomatoes, as it will cause them to lose their flavor.
- > Store unwashed bell peppers in a plastic bag in the refrigerator, where they will keep for up to a week.
- > Store onions in a dry, dark and well ventilated place, where they will keep for approximately 2 to 4 weeks. Do not store in the refrigerator.
- > Store ripe peaches in the refrigerator crisper, where they will keep for about one week. Store unripe peaches in a paper bag – not in the refrigerator – until ripe.
